

OUR OHS AND ENVIRONMENT POLICY

As Group Arge Family;

- ✓ In the energy measurement and control systems sector we provide services,
- ✓ With the support of our employees and all the units we receive services from
- ✓ In all our activities, to protect natural resources, to minimize the amount of waste, to take all necessary measures to prevent environmental pollution,
- ✓ Reducing waste at its source, reusing and recycling it whenever possible, ensuring that waste that cannot be evaluated is disposed of by appropriate methods,
- ✓ Following technological developments and using healthy, safe and environmentally compatible technology in all our activities,
- ✓ To reach the goal of "zero occupational accidents and occupational diseases" through the active participation of all employees and eliminating risks at their source,
- ✓ To comply with our legal obligations, ISO 14001 and ISO 45001: 2018 Standards and the applicable Environmental and Occupational Health and Safety regulations and the conditions of the organizations we are a member of,
- ✓ To prevent harmful and negative effects on the health of our employees and people who will be affected by our activities, and to provide all necessary protection to control accidents, damages and hazards to our own and other people' property and assets at the initial stage,
- ✓ In this respect, to improve the Environmental and Occupational Safety Awareness of our employees through trainings,
- ✓ To work for the development of Environmental and OHS awareness of the relevant parties,
- ✓ We are committed to continuously develop and improve our OHS and Environmental Management Systems.
